Tarlalar?n içinden eve dönüyordum. Tam yaz ortas?yd?; çay?rlar biçilmi?, hasat ba?lam??t?.Her yan birbirinden güzel mevsim çiçekleriyle doluydu. K?rm?z?, beyaz, pembe renkleriyle, kokulu, tüylü, tüylü yoncalar; yüz­süz koyungözleri; sütbeyaz, ortalar? aç?k sar?, kendilerine özgü sert kokulu papatyalar; bal kokulu, sar? kolzalar; lale biçiminde uzun saplı?, morlu beyazlı? çan çiçekleri; yerlerde sürünen bezelyeler; sar?, k?rm?z?, pembe, mor renkli, derli toplu gecik otlar?; pembemsi tüylü, hafif kokulu sinir otlar?; tazeyken ve güne?teyken aç?k mavi, ama soldu?unda ve de ak?amlar? k?rm?z?ms? mavi olan kantoronlar; badem kokulu, kopar?lı?r kopar?lmaz solan nazlı? ?eytan Hadji Murad saçlar?...

Leo Tolstoy. Hadji Murad. 1911. Reviewed September 30th, 2009 through Frederick Glaysher.[return][return]I lately downloaded and skim from Google Books Tolstoy's novella Hadji Murad. It's one of many final items of fiction he wrote, completing it in 1904, released in 1911, the yr of his death. the quick novel of approximately two hundred pages on an ereader has regularly been praised as an exquisitely crafted paintings of art. Tolstoy permits the constitution and interaction of occasions to talk for themselves, eschewing approximately all temptation to provide an explanation for to the reader his intentions and meaning. For accurately this reason, the booklet will be an extremely not easy one. prior to declaring what i believe of Hadji Murad, i need to contact on my very lengthy dating with Tolstoy.[return][return]As a tender undergraduate at jap Michigan college in 1976, I used to learn Tolstoy while i used to be purported to be learning extra vital things. i might visit the library and comb during the many toes of his accumulated Works, devouring a number of the extra obscure, less-read books via him. whereas taking sessions in Shakespeare, Chaucer, and the romantic poets, I reveled in his works what's Art?, "Essay on Shakespeare," and the dominion of God Is inside You. I good discovered those works have been anathema to lots of the ruling educational establishment, whom i used to be commencing to observe while a ways again as then have been sunk in doctrinaire nihilism. I overjoyed to learn a author who believed literature might and will have a non secular dimension, as do our lives, if we're in any respect conscious and delicate to the Divine.[return][return]From, what's Art?:[return][return]"Special significance has continually been given by means of all males to that . . . which transmits emotions flowing from their spiritual perception, and this small a part of artwork they've got in particular referred to as art, attaching to it the complete that means of the word. That used to be how males of outdated — Socrates, Plato, and Aristotle — appeared on art. therefore did the Hebrew prophets and the traditional Christians regard art; hence it was, and nonetheless is, understood by way of the Mahommedans, and therefore is it nonetheless understood through non secular people between our personal peasantry."[return][return]"The company of paintings lies simply in this, — to make that understood and felt which, within the kind of an argument, may be incomprehensible and inaccessible. frequently it kind of feels to the recipient of a very inventive effect that he knew the object prior to yet have been not able to specific it."[return][return]"Art is the transmission of emotions flowing from man's non secular perception."[return][return]"So that good, great, universal, spiritual paintings will be incomprehensible to a small circle of spoilt people, yet not at all to any huge variety of undeniable men."[return][return]How excited i used

to be to find Google Books now has, it seems, all that massive stretch of library shelf dedicated to Tolstoy, on hand online. I eagerly downloaded all of it, together with Hadji Hadji Murad Murad, which i've got considered for years, sensing there has been whatever within the booklet i wanted to read, on the correct time, now come, certainly one Hadji Murad of Tolstoy's final inventive communications to the world.[return][return]As a tender guy Tolstoy had served within the Russian army within the Caucasus and in Crimea. His early tales and books mirror such experience. overdue in life, he stumbled on himself recalling that point within the 1850s, whereas strolling via a newly ploughed box Hadji Murad in 1896, noticing a Hadji Murad stunning thistle that have been bent and damaged by way of the plough. He attempted to avoid wasting it, yet couldn't, it was once so damaged. The incident turned a metaphor evoking the lifetime of a neighborhood fighter Tolstoy had truly met, Hadji Murad, who was once stuck among the fanaticism of an Islamic war-lord named Shamil, who was Hadji Murad once reason on taking on Chechnya, and the Russians, who have been extending their regulate into the area. Hadji Murad, as a guy belonging to the extra peaceful, neighborhood Sufi-like department of Islam, often called Muridism, resisted the onslaught of Shamil's jihad and fundamentalist fanaticism. Hoping to acquire troops from the Russians with which to struggle off Shamil, Murad leads his band of fellows over to the Russians, finally being stuck among the opposing forces. Tolstoy's paintings lies in what he makes of and does with those proof of history. His perceiving sensibility and interpretation is sophisticated and attuned to the problems on all sides.[return][return]In the end, the Russians fail to supply Hadji Murad with the troops he must safeguard the Murid group from dominance via Shamil's fanatics. He waits and waits whereas the incompetent and corrupt Russian political computer misunderstands what's concerned and bungles the opportunity Murad has provided it. Tolstoy is principally insightful and scathing at the ethical and religious corruption of the Russian elite and monarchy, contrasting its decline with the more fit energy of Hadji Murad's village simplicity, non secular vigor, and self-less carrier to his community. Tolstoy's paintings absolutely opinions either Western Christianity and the Islam of beheadings and the cutting off of hands. Murad's values and beliefs, pure, Hadji Murad unsullied, grounded in mystical prayer and communion, are overwhelmed among the two. ultimately despairing of Russian help, in particular in time to rescue his Hadji Murad personal family, rendered pawns in Shamil's intrigues, Murad comes to a decision to make a holiday from Russian confinement to avoid wasting his family, an act misinterpreted by way of the Russian garrison which sends troops out after him, murdering his males and beheading him, no larger than Shamil's tactics. Tolstoy permits the tragedy of Hadji Murad to resonate with the accents of artwork and vision, not easy the reader to understand.[return][return]It turns out to me, though, that few have understood. might be we now have a bigger context this present day during which we will start to understand the profundity of Tolstoy's art, what with the cave in of Utopia in energy and the terrorism of 9/11. regardless of a few of his cranky own flaws, in general the results of his excessive look for truth, his aid of the anarchist Kropotkin, and so on, he used to be a major artist of exceptional imaginative and prescient and foresight, a part of the tragedy of his time.[return][return]The ecopy of Hadji Murad that I learn is within the epub format, which supplies to develop into the normal for ebooks. After greater than a decade of utilizing quite a few formats, i'm hoping it does turn into the dominant one. there have been in simple terms 4 to 6 minor error within the textual content that i may notice with no evaluating it to a hard-copy. That's right down to approximately what one may look forward to finding in such a lot released books, copy-editors seldom being as much as snuff anymore. different minor yet tense difficulties of formatting Hadji Murad appear to be solved through the epub

format.[return][return]Hadji Murad used to be a excitement to learn on my Sony Reader. The degree turns out set for Google and different book publishers to make millions of books, the data and paintings of humanity, on hand online. I, for one, shall get pleasure from it.[return][return]Frederick Glaysher[return]<http://www.fglaysher.com>
